Accountants, lawyers, doctors, etc. are
often the most successful people in
business.

What's the secret? It's simple.

They're the only ones who know
how to use their brains.

That's

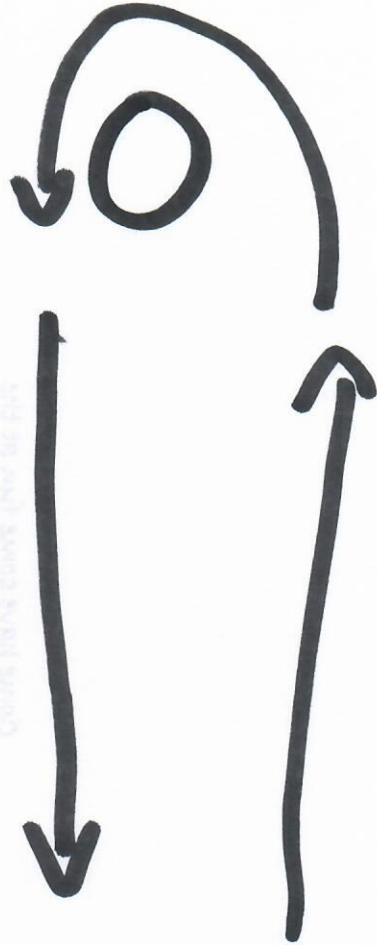

the reason why they're so successful.

They're the only ones who know
how to use their brains.

That's the secret.

It's not what you know, it's how you use it.

That's the secret.
